| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, ICC, IHC, WB                                                                                                                                                                                                                                           |
| Species Reactivity         | Porcine                                                                                                                                                                                                                                                       |
| Conjugation                | Biotin                                                                                                                                                                                                                                                        |
| Product Description        | Assay Biotechnology secondary antibodies are available conjugated to enzyme, biotin or fluorophore for use in a variety of antibody-based applications including Western Blot, ImmunoHistoChemistry, ImmunoFluorescence, Flow Cytometry and ELISA. We offe... |
| Source                     | Goat                                                                                                                                                                                                                                                          |
| Purity                     | The antibody was isolated from ascitic by immunoaffinity chromatography using antigens coupled to agarose beads.                                                                                                                                              |
| Form                       | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                                       |
| Application Dilute         | Elisa (1:5000 - 1:20000), WB (1:5000 - 1:20000), IHC (1:500 - 1:1000), ICC (1:500 - 1:1000)                                                                                                                                                                   |
