| Alternative Catalog Number | ABA-AB04622-15.0                                                                                                                            |
| Manufacturer               | Absolute Antibody                                                                                                                           |
| Host                       | Human                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                  |
| Application                | ELISA                                                                                                                                       |
| Product Description        | The original antibody was generated by immunizing BLAB/c mice with SFTSV JS-2010-003 strain purified by beta-propiolactone inactivation.... |
| Clonality                  | Monoclonal                                                                                                                                  |
| Clone Designation          | [1H6-B10]                                                                                                                                   |
| Isotype                    | IgM                                                                                                                                         |
| UniProt                    | <a href="#">A0A0B5A886</a>                                                                                                                  |
| Buffer                     | PBS with 0.02% Proclin 300.                                                                                                                 |
| Target                     | SFTSV glycoprotein C                                                                                                                        |
