| Article Name               | Macrophage/Monocyte Chemotactic Protein (MCP-3), Clone: [1057],<br>Mouse, Monoclonal       |
| Biozol Catalog Number      | ANO-MO-C40088F                                                                             |
| Supplier Catalog Number    | MO-C40088F                                                                                 |
| Alternative Catalog Number | ANO-MO-C40088F-0.5MG, ANO-MO-C40088F-0.1MG                                                 |
| Manufacturer               | Anogen-Yes Biotech Laboratories                                                            |
| Host                       | Mouse                                                                                      |
| Category                   | Antikörper                                                                                 |
| Application                | WB                                                                                         |
| Species Reactivity         | Human                                                                                      |
| Immunogen                  | Recombinant human MCP-3 (M.W. 8.5kDa containing 76 amino acids<br>residues)                |
| Product Description        | Mouse monoclonal antibody to human macrophage/monocyte<br>chemotactic protein-3 (MCP-3)... |
| Clonality                  | Monoclonal                                                                                 |
| Clone Designation          | [1057]                                                                                     |
| Isotype                    | IgG1,k                                                                                     |
| Purity                     | Protein G affinity purified                                                                |
| Form                       | Aff. pur.                                                                                  |

|                    |                                                                                                                            |
|--------------------|----------------------------------------------------------------------------------------------------------------------------|
| Storage            | Store at -20°C                                                                                                             |
| Target             | Human MCP-3                                                                                                                |
| Application Dilute | Double distilled water is recommended to reconstitute the antibody.                                                        |
| Application Notes  | Western Blot: This antibody, when used at concentration of 2-6µg/mL will allow visualization of 0.1µg/lane of human MCP-3. |
