| Manufacturer               | Anogen-Yes Biotech Laboratories                                                                                                        |
| Host                       | Mouse                                                                                                                                  |
| Category                   | Antikörper                                                                                                                             |
| Application                | EIA, WB                                                                                                                                |
| Species Reactivity         | Human                                                                                                                                  |
| Immunogen                  | A short peptide corresponding to the C-terminal amino acid sequence (SASPPAETELQAM) on FPRL1 was conjugated with KLH for immunization. |
| Product Description        | Mouse monoclonal antibody against C-terminal amino acid sequence on human formyl peptide receptor-like 1(FPRL1)...                     |
| Clonality                  | Monoclonal                                                                                                                             |
| Clone Designation          | [B4D9B10]                                                                                                                              |
| Isotype                    | IgG1,k                                                                                                                                 |
| Purity                     | Protein G affinity purified                                                                                                            |
| Form                       | Aff. pur.                                                                                                                              |

|                    |                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------|
| Storage            | Store at -20°C                                                                                                  |
| Target             | Human formyl peptide receptor-like 1                                                                            |
| Application Dilute | Double distilled water is recommended to adjust the final concentration to 1.00mg/mL.                           |
| Application Notes  | ELISA: Reactive to the C-terminal amino acid sequence (SASPPAETELQAM) on FPRL1 in indirect ELISA. Western Blot. |
