| Product Description        | Rat Col27a1 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat Col27a1 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 1.563-100 ng/ml                                                                                                                                                                                                          |
| Sensitivity                | 0.938 ng/ml                                                                                                                                                                                                              |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                          |
| Target                     | Col27a1                                                                                                                                                                                                                  |
