| Product Description        | Rat PNPLA3 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat PNPLA3 in serum, plasma, tissue homogenates or other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                       |
| Sensitivity                | 0.057 ng/ml                                                                                                                                                                                                          |
| Samples                    | Serum, plasma, tissue homogenates or other biological fluids.                                                                                                                                                        |
| Target                     | PNPLA3                                                                                                                                                                                                               |
