| Product Description        | Tryptophan Hydroxylase (phospho Ser260) Cell-Based ELISA Kit is a Enzyme-Linked Immunosorbent Assay designed for the indirect in vitro quantitative determination of TPH 1 levels in adherent and suspension cells.... |
| Range                      | > 5000 Cells                                                                                                                                                                                                           |
| Samples                    | Adherent and suspension cells.                                                                                                                                                                                         |
| Target                     | TPH 1                                                                                                                                                                                                                  |
