| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                   |
| Product Description        | TRI18 Cell-Based ELISA Kit is a Enzyme-Linked Immunosorbent Assay designed for the indirect in vitro quantitative determination of MID1 levels in adherent and suspension cells.... |
| Range                      | > 5000 Cells                                                                                                                                                                        |
| Samples                    | Adherent and suspension cells.                                                                                                                                                      |
| Target                     | MID1                                                                                                                                                                                |
