| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                     |
| Product Description        | TF2A1 Cell-Based ELISA Kit is a Enzyme-Linked Immunosorbent Assay designed for the indirect in vitro quantitative determination of GTF2A1 levels in adherent and suspension cells.... |
| Range                      | > 5000 Cells                                                                                                                                                                          |
| Samples                    | Adherent and suspension cells.                                                                                                                                                        |
| Target                     | GTF2A1                                                                                                                                                                                |
