| Product Description        | Cytochrome P450 02A1 Cell-Based ELISA Kit is a Enzyme-Linked Immunosorbent Assay designed for the indirect in vitro quantitative determination of CYP24A1 levels in adherent and suspension cells.... |
| Range                      | > 5000 Cells                                                                                                                                                                                          |
| Samples                    | Adherent and suspension cells.                                                                                                                                                                        |
| Target                     | CYP24A1                                                                                                                                                                                               |
