| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | Prokaryotic Pig Granzyme B is a purified Prokaryotic Protein. Purity: >90% by SDS-PAGE. Host: E. coli. Endotoxin Level: <1.0EU per 1ug, by the LAL method. Species: Pig (Sus scrofa, Porcine). Target Name: Granzyme B. Accession Number: F1MTF4. Gene ID:... |
| Molecular Weight           | 29kDa                                                                                                                                                                                                                                                         |
| Tag                        | N-Terminal His Tag                                                                                                                                                                                                                                            |
| NCBI                       | <a href="#">508646</a>                                                                                                                                                                                                                                        |
| Buffer                     | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                                                                                                                                                                       |
| Expression System          | Prokaryotic expression                                                                                                                                                                                                                                        |
