| Manufacturer               | DLDEVELOP                                                                                                                                          |
| Host                       | Rabbit                                                                                                                                             |
| Category                   | Antikörper                                                                                                                                         |
| Application                | IHC, WB                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                              |
| Immunogen                  | Peptide-KLH                                                                                                                                        |
| Clonality                  | Polyclonal                                                                                                                                         |
| Concentration              | 1.0mg/ml                                                                                                                                           |
| NCBI                       | <a href="#">1452</a>                                                                                                                               |
| UniProt                    | <a href="#">P48729</a>                                                                                                                             |
| Buffer                     | Rabbit IgG in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |

|        |                                                                                                                                                                                                                                                                                       |
|--------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purity | Antibodies were produced by immunizing rabbits with synthetic phosphopeptide and KLH conjugates. Antibodies were purified by affinity-chromatography using epitope-specific phosphopeptide. Non-phospho specific antibodies were removed by chromatogramphy using non-phosphopeptide. |
| Target | CK-1alpha                                                                                                                                                                                                                                                                             |
