| Category                   | Molekularbiologie                                                                                                                                                                                                                                                 |
| Product Description        | CA6 Human Pre-designed siRNA Set A contains three designed siRNAs for CA6 gene (Human), as well as a negative control, a positive control, and a FAM-labeled negative control. Components CA6 siRNA-1: 5 nmol (HPLC) CA6 siRNA-2: 5 nmol (HPLC) CA6 siRNA-3: 5... |
| Target                     | Small Interfering RNA (siRNA)                                                                                                                                                                                                                                     |
| Application Notes          | MCE Product type: Oligonucleotides                                                                                                                                                                                                                                |
