| Category                   | Molekularbiologie                                                                                                                                                                                                                                             |
| Product Description        | SIN3B Human Pre-designed siRNA Set A contains three designed siRNAs for SIN3B gene (Human), as well as a negative control, a positive control, and a FAM-labeled negative control.ComponentsSIN3B siRNA-1: 5 nmol (HPLC)SIN3B siRNA-2: 5 nmol (HPLC)SIN3B ... |
| Target                     | Small Interfering RNA (siRNA)                                                                                                                                                                                                                                 |
| Application Notes          | MCE Product type: Oligonucleotides                                                                                                                                                                                                                            |
