| Category                   | Proteine/Peptide                                                                                                                                                                                                                           |
| Application                | Cell Culture                                                                                                                                                                                                                               |
| Species Reactivity         | Human                                                                                                                                                                                                                                      |
| Molecular Weight           | calculated_mw: 17.2 kDa. observed_mw: 17 kDa                                                                                                                                                                                               |
| Tag                        | None                                                                                                                                                                                                                                       |
| NCBI                       | <a href="#">9</a>                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">Q9NZH7</a>                                                                                                                                                                                                                     |
| Expression System          | E.coli                                                                                                                                                                                                                                     |
| Purity                     | > 95 % as determined by reducing SDS-PAGE.                                                                                                                                                                                                 |
| Form                       | Lyophilized from a 0.2 µm filtered solution of PBS, pH 7.4. Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequence                   | Arg5-Glu157                                                                                                                                                                                                                                |
