## Product Datasheet

### **alpha-actinin Rabbit Polyclonal Antibody(F298) RBT-RA20176**

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| Article Name               | alpha-actinin Rabbit Polyclonal Antibody(F298)                         |
| Biozol Catalog Number      | RBT-RA20176                                                            |
| Supplier Catalog Number    | RA20176                                                                |
| Alternative Catalog Number | RBT-RA20176-50,RBT-RA20176-100                                         |
| Manufacturer               | Reed Biotech                                                           |
| Category                   | Antikörper                                                             |
| Application                | IHC, WB                                                                |
| Species Reactivity         | Mouse, Rat                                                             |
| Clonality                  | Polyclonal                                                             |
| Molecular Weight           | Molecular Weight: 103KD. Protein MW (KDa): 103KD                       |
| NCBI                       | <a href="#">87</a>                                                     |
| UniProt                    | <a href="#">P12814</a>                                                 |
| Buffer                     | 1mg/ml in PBS, pH 7.4, containing 0.02% sodium azide and 50% glycerol. |
| Source                     | Rabbit                                                                 |
| Target                     | Antibody can detect endogenous A-actinin proteins.                     |
| Application Dilute         | WB 1:1,000-2,000 IHC 1:200-500                                         |
