### beta II Tubulin Rabbit Polyclonal Antibody RBT-RCA50

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| Article Name               | beta II Tubulin Rabbit Polyclonal Antibody                             |
| Biozol Catalog Number      | RBT-RCA50                                                              |
| Supplier Catalog Number    | RCA50                                                                  |
| Alternative Catalog Number | RBT-RCA50-50,RBT-RCA50-100                                             |
| Manufacturer               | Reed Biotech                                                           |
| Category                   | Antikörper                                                             |
| Application                | IHC, WB                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                      |
| Clonality                  | Polyclonal                                                             |
| Molecular Weight           | Molecular Weight: 50KD. Protein MW (KDa): 50                           |
| NCBI                       | <a href="#">7280</a>                                                   |
| UniProt                    | <a href="#">P68371</a>                                                 |
| Buffer                     | 1mg/ml in PBS, pH 7.4, containing 0.02% sodium azide and 50% glycerol. |
| Source                     | Rabbit                                                                 |
| Target                     | Antibody can detect endogenous beta II tubulin proteins.               |
| Application Dilute         | WB 1:2,000-5,000 IHC 1:500-1,000                                       |
