| Host                       | Donkey                                                                                         |
| Category                   | Antikörper                                                                                     |
| Species Reactivity         | Human                                                                                          |
| Conjugation                | Unconjugated                                                                                   |
| Format                     | F(ab') <sub>2</sub>                                                                            |
| Target Specificity         | IgG (H+L)                                                                                      |
| Cross-Adsorption (MinX)    | Bovine,Gallus,Goat,Guinea pig,Hamster<br>(syrian),Equine,Mouse,Rabbit,Rat,Sheep                |
| Clonality                  | Polyclonal                                                                                     |
| Buffer                     | Buffer: 0.01M Sodium Phosphate, 0.25M NaCl, pH 7.6. Preservative:<br>None                      |
| Purity                     | AffiniPure                                                                                     |
| Form                       | Sterile-filtered liquid                                                                        |

|                    |                                                                                                                                                                                                                                      |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage            | Storage: Store at 2-8°C under sterile conditions. Prepare working dilution on day of use. Expiration date: one year from date of receipt. The expiration date may be extended if test results are acceptable for the intended use.   |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                   |
| Application Dilute | 10-20 µg / ml Dilution factors are presented in the form of a range because the optimal dilution is a function of many factors, such as antigen density, permeability, etc. The actual dilution used must be determined empirically. |
