## Product Datasheet

### Donkey F(ab')<sub>2</sub> anti-Mouse IgM (μ)-unconj., MinX none JIM-715-006-020

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| Article Name               | Donkey F(ab') <sub>2</sub> anti-Mouse IgM (μ)-unconj., MinX none       |
| Biozol Catalog Number      | JIM-715-006-020                                                        |
| Supplier Catalog Number    | 715-006-020                                                            |
| Alternative Catalog Number | JIM-715-006-020                                                        |
| Manufacturer               | Jackson ImmunoResearch                                                 |
| Host                       | Donkey                                                                 |
| Category                   | Antikörper                                                             |
| Species Reactivity         | Mouse                                                                  |
| Conjugation                | Unconjugated                                                           |
| Format                     | F(ab') <sub>2</sub>                                                    |
| Target Specificity         | IgM (μ)                                                                |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                    |
| Clonality                  | Polyclonal                                                             |
| Buffer                     | Buffer: 0.01M Sodium Phosphate, 0.25M NaCl, pH 7.6. Preservative: None |
| Purity                     | AffiniPure                                                             |
| Form                       | Sterile-filtered liquid                                                |

|                    |                                                                                                                                                                                                                                      |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Storage            | Storage: Store at 2-8°C under sterile conditions. Prepare working dilution on day of use. Expiration date: one year from date of receipt. The expiration date may be extended if test results are acceptable for the intended use.   |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                   |
| Application Dilute | 10-20 µg / ml Dilution factors are presented in the form of a range because the optimal dilution is a function of many factors, such as antigen density, permeability, etc. The actual dilution used must be determined empirically. |
