| Manufacturer               | Nordic BioSite                                                                                                              |
| Category                   | Proteine/Peptide                                                                                                            |
| Application                | SDS-PAGE                                                                                                                    |
| Product Description        | Human PCNA Recombinant Protein expressed in E. coli (non-tagged).<br>Sequence domain: 1-261aa. Application(s): SDS-PAGE.... |
| Concentration              | 1 mg/ml                                                                                                                     |
| Molecular Weight           | 28.7 kDa (261aa) confirmed by MALDI-TOF                                                                                     |
| Tag                        | Untagged                                                                                                                    |
| NCBI                       | <a href="#">5111</a>                                                                                                        |
| UniProt                    | <a href="#">P12004</a>                                                                                                      |
| Purity                     | >95%                                                                                                                        |
| Target                     | PCNA                                                                                                                        |
