| Article Name               | Recombinant Human Macrophage Migration Inhibitory Factor, Avi                                                                   |
| Biozol Catalog Number      | APE-P1662                                                                                                                       |
| Supplier Catalog Number    | P1662                                                                                                                           |
| Alternative Catalog Number | APE-P1662-10UG,APE-P1662-100UG,APE-P1662-500UG                                                                                  |
| Manufacturer               | ApexBio                                                                                                                         |
| Category                   | Proteine/Peptide                                                                                                                |
| Molecular Weight           | Approximately 14.3 kDa, a single non-glycosylated polypeptide chain containing 130 amino acids, with Avi tag at the C-terminus. |
| Purity                     | > 97 % by SDS-PAGE and HPLC analyses.Endotoxin: Less than 1 EU/µg of rHuMIF, Avi as determined by LAL method.                   |
