| Category                   | Kits/Assays                                                                                                                                                                                                                                                            |
| Species Reactivity         | Human                                                                                                                                                                                                                                                                  |
| Product Description        | The GENLISA Human Rhotekin (RTKN) ELISA includes features like:<br>Ready to use protocol with break-apart wells for ease of use<br>Standardisation and High Reproducibility Lot to Lot Consistency<br>Accuracy and Precision Validated against seven points for a '... |
| Range                      | 0 - 1000 ng/ml* (May vary. Please confirm)                                                                                                                                                                                                                             |
| Sensitivity                | 30 ng/ml* (May vary. Please confirm)                                                                                                                                                                                                                                   |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids. For tear samples, please connect with us to discuss further.                                                                                                     |
| Application Notes          | Colorimetric, Absorbance measured at 450nm                                                                                                                                                                                                                             |
