| Category                   | Kits/Assays                                                                                                                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                                                                                                                 |
| Product Description        | The GENLISA Human Lactic Acid,la ELISA includes features like:<br>Ready to use protocol with break-apart wells for ease of use<br>Standardisation and High Reproducibility Lot to Lot Consistency<br>Accuracy and Precision Validated against seven points for a "... |
| Range                      | 31.25 - 2000 pg/ml                                                                                                                                                                                                                                                    |
| Sensitivity                | 14.1 pg/ml                                                                                                                                                                                                                                                            |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids. For tear samples, please connect with us to discuss further.                                                                                                    |
| Application Notes          | Colorimetric, Absorbance measured at 450nm                                                                                                                                                                                                                            |
