| Article Name               | InVivoMAb anti-mouse IFNgamma, Clone: [XMG1.2], Rat, Monoclonal                      |
| Biozol Catalog Number      | BXC-BE0055                                                                           |
| Supplier Catalog Number    | BE0055                                                                               |
| Alternative Catalog Number | BXC-BE0055-1MG,BXC-BE0055-5MG,BXC-BE0055-25MG,BXC-BE0055-50MG,BXC-BE0055-100MG       |
| Manufacturer               | Bio X Cell                                                                           |
| Host                       | Rat                                                                                  |
| Category                   | Antikörper                                                                           |
| Species Reactivity         | Mouse                                                                                |
| Immunogen                  | Recombinant mouse IFNgamma                                                           |
| Clonality                  | Monoclonal                                                                           |
| Concentration              | Lot specific,typically between 4-11 mg/ml                                            |
| Clone Designation          | [XMG1.2]                                                                             |
| Molecular Weight           | 150 kDa                                                                              |
| Pubmed                     | <a href=https://pubmed.ncbi.nlm.nih.gov/24382348 target=_blank rel=nofollow>24382348 |
| Purity                     | 95% , Determined by SDS-PAGE                                                         |
| Formula                    | PBS + 0.01% Tween, pH 8.0, Contains no stabilizers or preservatives                  |
| Target                     | IFNgamma                                                                             |

|                   |                                                                                                          |
|-------------------|----------------------------------------------------------------------------------------------------------|
| Application Notes | in vivo IFNgamma neutralization, in vitro IFNgamma neutralization, ELISPOT, Flow cytometry, Western blot |
|-------------------|----------------------------------------------------------------------------------------------------------|
