| Article Name               | InVivoMAb anti-mouse CXCR6 (CD186), Clone: [Cx6Mab-1], Rat, Monoclonal                          |
| Biozol Catalog Number      | BXC-BE0463-INDUSTRIAL                                                                           |
| Supplier Catalog Number    | BE0463                                                                                          |
| Alternative Catalog Number | BXC-BE0463-1MG,BXC-BE0463-5MG,BXC-BE0463-25MG,BXC-BE0463-50MG,BXC-BE0463-100MG                  |
| Manufacturer               | Bio X Cell                                                                                      |
| Host                       | Rat                                                                                             |
| Category                   | Antikörper                                                                                      |
| Species Reactivity         | Mouse                                                                                           |
| Immunogen                  | Synthetic peptide corresponding to the N-terminal extracellular region of mouse CXCR6 (AA 1-19) |
| Clonality                  | Monoclonal                                                                                      |
| Concentration              | Lot specific,typically between 4-11 mg/ml                                                       |
| Clone Designation          | [Cx6Mab-1]                                                                                      |
| Molecular Weight           | 150 kDa                                                                                         |
| Pubmed                     | <a href=https://pubmed.ncbi.nlm.nih.gov/35736626 target=_blank rel=nofollow>35736626            |
| Purity                     | 95% , Determined by SDS-PAGE                                                                    |

|                   |                                                                                                                                                                             |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formula           | PBS, pH 7.0, Contains no stabilizers or preservatives                                                                                                                       |
| Target            | CXCR6                                                                                                                                                                       |
| Application Notes | Flow cytometry, Western blotting, ELISA, For details on in vivo applications, please contact <a href="mailto:technicalservice@biocell.com">technicalservice@biocell.com</a> |
