| Product Description        | RayBio Mouse Aminopeptidase PILS (ARTS1) ELISA Kit for Serum, Plasma, and Cell Culture Supernatants. Lead time: Typically ships within 1-2 business days. No Friday shipments.... |
| Range                      | 0.105 ng/ml - 30 ng/ml                                                                                                                                                            |
| Sensitivity                | 0.105 ng/ml                                                                                                                                                                       |
| Form                       | 96-well Microplate                                                                                                                                                                |
| Samples                    | Cell Culture Supernatants, Plasma, Serum                                                                                                                                          |
| Target                     | Aminopeptidase PILS / ARTS1 / ERAP1                                                                                                                                               |
| Application Dilute         | 200 fold                                                                                                                                                                          |
| Application Notes          | Colorimetric                                                                                                                                                                      |
