| Species Reactivity         | Rat                                                                                                                                                                                                                                                           |
| Product Description        | This GENLISA Rat FAM3D (Protein FAM3D) ELISA includes features like: - Ready to use protocol with break-apart wells for ease of use - Standardisation and High Reproducibility - Lot to Lot Consistency - Accuracy and Precision Validated against seven p... |
| Range                      | 1.563 - 100 pg/ml                                                                                                                                                                                                                                             |
| Sensitivity                | 0.938 pg/ml                                                                                                                                                                                                                                                   |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.                                                                                                                                                         |
