| Host                       | Rabbit                                                                                                                                                                                                                                                        |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant fragment (around aa1-200) of human FOLR1 protein corresponding to the extracellular domain (exact sequence is proprietary)                                                                                                                        |
| Product Description        | Folate receptor alpha (FR) is a membrane-bound protein that facilitates high-affinity folate transport, essential for cell metabolism, DNA synthesis, and repair, particularly in rapidly dividing cancer cells with increased folate demands. This recept... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [FOLR1/13425R]                                                                                                                                                                                                                                                |
| Molecular Weight           | 29kDa                                                                                                                                                                                                                                                         |

|         |                                                                                                                                                                           |
