| Alternative Catalog Number | CRM-AGER-3304M-50                                                                                                                                                                                                    |
| Manufacturer               | Creative BioMart                                                                                                                                                                                                     |
| Host                       | Human                                                                                                                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                                                                                                                     |
| Molecular Weight           | The recombinant mouse AGER consists of 330 amino acids and has a predicted molecular mass of 35.3 kDa. In SDS-PAGE under reducing conditions, rm AGER migrates as an approximately 48 kDa band due to glycosylation. |
| Tag                        | His                                                                                                                                                                                                                  |
| Source                     | Mouse                                                                                                                                                                                                                |
| Purity                     | > 96 % as determined by SDS-PAGE                                                                                                                                                                                     |
| Application Notes          | For Research Use Only. Not intended for any clinical use.                                                                                                                                                            |
