## Product Datasheet

### Recombinant Human EBNA1BP2 Antigen, His-tagged CRM-EBN-051

Article Name	Recombinant Human EBNA1BP2 Antigen, His-tagged
Biozol Catalog Number	CRM-EBN-051
Supplier Catalog Number	EBN-051
Alternative Catalog Number	CRM-EBN-051-1
Manufacturer	Creative BioMart
Category	Proteine/Peptide
Molecular Weight	Not Available
Purity	>99% by SDS-Page and HPLC analysis
Application Notes	<p>The drug is used to reduce the risk of life-threatening infection in patients with neutropenia, particularly after cytotoxic chemotherapy. The product is indicated as a treatment to reduce the duration of neutropenia and the severity of infections in patients with non-myeloid malignancy who have undergone autologous or allogeneic bone marrow transplantation, or treatment with established cytotoxic chemotherapy and in addition to reduce the incidence of infection associated with established cytotoxic chemotherapy. The product is also indicated to mobilise peripheral blood progenitor cells (PBPCs) with The product alone, or after myelosuppressive chemotherapy, in order to accelerate haematopoietic recovery by infusion of such cells, after myelosuppressive or myeloablative therapy. The product is also indicated to accelerate the engraftment of these cells after their reinfusion. The product is also indicated for the treatment of severe chronic neutropenia including congenital agranulocytosis (Kostmanns syndrome).</p>
