## Product Datasheet

### Human BTK (1-659) Protein, His Tag (active enzyme, HPLC verified), Unconjugated, Insect ABS-BTK-H55H4-1MG

|                            |                                                                                                                                                                                                                                                               |

| Product Description        | The protein encoded by this gene plays a crucial role in Bcell development. Mutations in this gene cause Xlinked agammaglobulinemia type 1, which is an immunodeficiency characterized by the failure to produce mature B lymphocytes, and associated with... |
| Molecular Weight           | 78.2 kDa                                                                                                                                                                                                                                                      |
| Tag                        | C-10*His                                                                                                                                                                                                                                                      |
| NCBI                       | <a href="#">06187</a>                                                                                                                                                                                                                                         |
| Buffer                     | 50 mM Tris, 150 mM NaCl, pH7.5                                                                                                                                                                                                                                |
| Purity                     | 90%                                                                                                                                                                                                                                                           |
