| Target                     | CD19                                                                                                                                                                                                                                                                                                                                                                                 |
| Application Notes          | ActiveMax Human CD19 $\mu$ Beads (non magnetic), premium grade (for cells) are designed to stimulate in vitro CD19-specific CAR-T cells or UCAR-T cells, similar to the tumor cell lines that express human CD19 antigen. It can be used as follows: Evaluating the characteristics of CAR-T cells or UCAR-T cells. In vitro expansion of CD19-specific CAR-T cells or UCAR-T cells. |
