| Host                       | Mouse                                                                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                                                                       |
| Application                | FC                                                                                                                                                                                               |
| Conjugation                | FITC                                                                                                                                                                                             |
| Product Description        | The MPC-11 immunoglobulin is useful as an isotype-matched control. The MPC-11 immunoglobulin has an unknown binding specificity and is used as an isotype control for mouse IgG2b antibodies.... |
| Clonality                  | Monoclonal                                                                                                                                                                                       |
| Concentration              | 0.5 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                       |
| Clone Designation          | [MPC-11]                                                                                                                                                                                         |
| Isotype                    | IgG2b                                                                                                                                                                                            |
| Buffer                     | 10mM NaH <sub>2</sub> PO <sub>4</sub> , 150mM NaCl, 0.1% Gelatin, 0.09% Sodium azide.                                                                                                            |
| Form                       | Liquid                                                                                                                                                                                           |

Application Notes

\*Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications.
