| Article Name               | Goat Anti-Mouse IgG1 (Heavy chain) antibody, F(ab)2 fragment, pre-adsorbed (PE), Polyclonal                                                         |
| Biozol Catalog Number      | GTX04206-08                                                                                                                                         |
| Supplier Catalog Number    | GTX04206-08                                                                                                                                         |
| Alternative Catalog Number | GTX04206-08-250                                                                                                                                     |
| Manufacturer               | GeneTex                                                                                                                                             |
| Host                       | Goat                                                                                                                                                |
| Category                   | Antikörper                                                                                                                                          |
| Application                | ELISA, FC, ICC, IHC-Fr, IHC-P                                                                                                                       |
| Species Reactivity         | Mouse                                                                                                                                               |
| Immunogen                  | Pepsin digest of Goat Anti-Mouse IgG1.                                                                                                              |
| Conjugation                | PE                                                                                                                                                  |
| Clonality                  | Polyclonal                                                                                                                                          |
| Concentration              | 0.25 mg/ml (Please refer to the vial label for the specific concentration.)                                                                         |
| Sensitivity                | Pre-adsorbed with Mouse IgG2a, IgG2b, IgG3, IgM, and IgA, human immunoglobulins and pooled sera. May react with immunoglobulins from other species. |
| Buffer                     | PBS, a stabilizer, 0.09% sodium azide.                                                                                                              |

|                   |                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form              | Liquid                                                                                                                                                         |
| Target            | IgG1 (Heavy chain)                                                                                                                                             |
| Application Notes | FCM: 0.2 µg/10 <sup>6</sup> cells. ELISA: 1 µg/mL. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
