| Article Name               | CLIA Kit for Antidiuretic Hormone (ADH)                                                              |
| Biozol Catalog Number      | USC-CCB139HU                                                                                         |
| Supplier Catalog Number    | CCB139Hu                                                                                             |
| Alternative Catalog Number | USC-CCB139HU-48, USC-CCB139HU-96                                                                     |
| Manufacturer               | Cloud-Clone                                                                                          |
| Category                   | Kits/Assays                                                                                          |
| Species Reactivity         | Human                                                                                                |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                  |
| Range                      | 11.72-3,000pg/mL                                                                                     |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 4.66pg/mL                             |
| UniProt                    | <a href="#">X5DQP6</a>                                                                               |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Chemiluminescent immunoassay for Antigen Detection.                                                  |
