| Article Name               | ELISA Kit for Troponin I Type 1, Slow Skeletal (TNNI1)                                              |
| Biozol Catalog Number      | USC-SED229HU                                                                                        |
| Supplier Catalog Number    | SED229Hu                                                                                            |
| Alternative Catalog Number | USC-SED229HU-48, USC-SED229HU-96                                                                    |
| Manufacturer               | Cloud-Clone                                                                                         |
| Category                   | Kits/Assays                                                                                         |
| Species Reactivity         | Human                                                                                               |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                 |
| Range                      | 46.88-3,000pg/mL                                                                                    |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 19.42pg/mL                           |
| UniProt                    | <a href="#">P19237</a>                                                                              |
| Samples                    | serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluid |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                                            |
