## Product Datasheet

### **ELISA Kit for Glutamate Receptor, Ionotropic, N-Methyl-D-Aspartate 2A (GRIN2A) USC-SEE806RA**

|                            |                                                                                       |
|----------------------------|---------------------------------------------------------------------------------------|
| Article Name               | ELISA Kit for Glutamate Receptor, Ionotropic, N-Methyl-D-Aspartate 2A (GRIN2A)        |
| Biozol Catalog Number      | USC-SEE806RA                                                                          |
| Supplier Catalog Number    | SEE806Ra                                                                              |
| Alternative Catalog Number | USC-SEE806RA-48, USC-SEE806RA-96                                                      |
| Manufacturer               | Cloud-Clone                                                                           |
| Category                   | Kits/Assays                                                                           |
| Species Reactivity         | Rat                                                                                   |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                   |
| Range                      | 0.78-50ng/mL                                                                          |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.30ng/mL              |
| UniProt                    | <a href="#">Q00959</a>                                                                |
| Samples                    | Tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                              |
