| Conjugation                | PE/Cy7                                                                                                                                                                                                                                |
| Product Description        | E2 EPF is a member of the ubiquitin conjugating enzyme family. It is able to form a thiol ester linkage with ubiquitin in a ubiquitin activating enzyme dependent manner, a characteristic property of ubiquitin carrier proteins.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                            |
| Concentration              | 1ug/ul                                                                                                                                                                                                                                |
