| Conjugation                | HRP                                                                                                                                                                                                                                                        |
| Product Description        | Ligand for members of the frizzled family of seven transmembrane receptors. Probable developmental protein. May be a signaling molecule which affects the development of discrete regions of tissues. Is likely to signal over only few cell diameters.... |
| Clonality                  | Recombinant                                                                                                                                                                                                                                                |
| Concentration              | Lot dependent                                                                                                                                                                                                                                              |
