| Alternative Catalog Number | NSJ-F50837-0.08ML                                                                                                                                                                                                               |
| Manufacturer               | NSJ Bioreagents                                                                                                                                                                                                                 |
| Host                       | Rabbit                                                                                                                                                                                                                          |
| Category                   | Antikörper                                                                                                                                                                                                                      |
| Application                | ELISA, WB                                                                                                                                                                                                                       |
| Species Reactivity         | Human                                                                                                                                                                                                                           |
| Immunogen                  | A portion of amino acids 376-402 from the human protein was used as the immunogen for this CDC25C antibody.                                                                                                                     |
| Product Description        | CDC25C is a tyrosine phosphatase and belongs to the Cdc25 phosphatase family. It directs dephosphorylation of cyclin B-bound CDC2 and triggers entry into mitosis. It is also thought to suppress p53-induced growth arrest.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                      |
| UniProt                    | <a href="#">P30307</a>                                                                                                                                                                                                          |
| Purity                     | Purified                                                                                                                                                                                                                        |
| Form                       | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                                                                                                                                      |
| Antibody Type              | Primary Antibody                                                                                                                                                                                                                |

|                    |                                                                                                                       |
|--------------------|-----------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Western blot: 1:1000                                                                                                  |
| Application Notes  | Titration of the CDC25C antibody may be required due to differences in protocols and secondary/substrate sensitivity. |
