| Category                   | Antikörper                                                                                                                                                                                                                              |
| Application                | WB                                                                                                                                                                                                                                      |
| Species Reactivity         | Human                                                                                                                                                                                                                                   |
| Immunogen                  | A human recombinant protein was used as the immunogen for the PBRM1 antibody.                                                                                                                                                           |
| Product Description        | Polybromo 1/BRG1-associated factor 180 is involved in transcriptional activation and repression of select genes by chromatin remodeling (alteration of DNA-nucleosome topology). Acts as a negative regulator of cell proliferation.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                              |
| Clone Designation          | [1636CT387.122.52]                                                                                                                                                                                                                      |
| UniProt                    | <a href="#">Q86U86</a>                                                                                                                                                                                                                  |
| Purity                     | Protein G affinity chromatography                                                                                                                                                                                                       |

|                    |                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------|
| Form               | In 1X PBS, pH 7.4, with 0.09% sodium azide                                                                 |
| Antibody Type      | Primary Antibody                                                                                           |
| Application Dilute | Western blot: 1:250-500                                                                                    |
| Application Notes  | Titration of the PBRM1 antibody may be required due to differences in protocols and substrate sensitivity. |
