| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IF, WB                                                                                                                                                                                                                                                        |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                             |
| Immunogen                  | A recombinant full-length human n-Myc protein was used as the immunogen for the n-Myc antibody.                                                                                                                                                               |
| Product Description        | The v-Myc oncogene, initially identified in the MC29 avian retrovirus, causes myelocytomas, carcinomas, sarcomas and lymphomas, and belongs to a family of oncogenes conserved throughout evolution. In humans, the family consists of five genes: c-Myc, ... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [NMYC-1]                                                                                                                                                                                                                                                      |
| UniProt                    | <a href="#">P04198</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein G affinity chromatography                                                                                                                                                                                                                             |
| Form                       | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |

|                    |                                                                                |
|--------------------|--------------------------------------------------------------------------------|
| Antibody Type      | Primary Antibody                                                               |
| Application Dilute | Immunofluorescence: 1-2ug/ml,Western blot: 1-2ug/ml                            |
| Application Notes  | Optimal dilution of the n-Myc antibody should be determined by the researcher. |
