| Manufacturer               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC-P                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | A recombinant full-length human protein was used as the immunogen for this vWF antibody.                                                                                                                                                                      |
| Product Description        | Von Willebrand Factor (vWF) is a multimeric glycoprotein that is found in endothelial cells, plasma and platelets. It acts as a carrier protein for Factor VIII and promotes platelet adhesion and aggregation. vWF undergoes a variety of posttranslation... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [VWF/2480]                                                                                                                                                                                                                                                    |
| UniProt                    | <a href="#">P04275</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                    |                                                                              |
|--------------------|------------------------------------------------------------------------------|
| Form               | 1 mg/ml in 1X PBS, BSA free, sodium azide free                               |
| Antibody Type      | Primary Antibody                                                             |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml                                        |
| Application Notes  | Optimal dilution of the vWF antibody should be determined by the researcher. |
