| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | FACS, IHC-P                                                                                                                                                                                                                                                   |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | A recombinant full-length human CD137L protein was used as the immunogen for the CD137L antibody.                                                                                                                                                             |
| Product Description        | TNFSF9 / 4-1BBL is a cytokine that belongs to the tumor necrosis factor (TNF) ligand family. This transmembrane cytokine is a bidirectional signal transducer that acts as a ligand for TNFRSF9 / 4-1BB, which is a costimulatory receptor molecule in T l... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [CD137L/1547]                                                                                                                                                                                                                                                 |
| UniProt                    | <a href="#">P41273</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein G affinity chromatography                                                                                                                                                                                                                             |

|                    |                                                                                             |
|--------------------|---------------------------------------------------------------------------------------------|
| Form               | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                              |
| Antibody Type      | Primary Antibody                                                                            |
| Application Dilute | Flow cytometry: 1-2ug/10 <sup>6</sup> cells in 0.1ml, Immunohistochemistry (FFPE): 1-2ug/ml |
| Application Notes  | Optimal dilution of the CD137L antibody should be determined by the researcher.             |
