| Category                   | Antikörper                                                                                                                                                                                                                                                     |
| Application                | IHC-P, WB                                                                                                                                                                                                                                                      |
| Species Reactivity         | Human                                                                                                                                                                                                                                                          |
| Immunogen                  | A portion of amino acids 50-150 from the human protein was used as the immunogen for the recombinant Napsin A antibody.                                                                                                                                        |
| Product Description        | Napsin is a pepsin-like aspartic proteinase connected with maturation of surfactant protein B. There are two closely related napsins, napsin A and napsin B. Napsin A is expressed as a single chain protein. Immunohistochemical studies revealed high exp... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                     |
| Clone Designation          | [NAPSA/4400R]                                                                                                                                                                                                                                                  |
| UniProt                    | <a href="#">O96009</a>                                                                                                                                                                                                                                         |
| Purity                     | Protein A affinity chromatography                                                                                                                                                                                                                              |

|                    |                                                                                               |
|--------------------|-----------------------------------------------------------------------------------------------|
| Form               | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                |
| Antibody Type      | Primary Antibody                                                                              |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml for 30 min at RT, Western blot: 2-4ug/ml                |
| Application Notes  | Optimal dilution of the recombinant Napsin A antibody should be determined by the researcher. |
