| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC-P                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | A portion of amino acids 19-108 was used as the immunogen for the Resistin antibody.                                                                                                                                                                          |
| Product Description        | The cysteine-rich, adipose tissue-specific, secretory factor resistin (resistance to Insulin) also known as ADSF, is a secreted hormone that potentially links obesity to diabetes. Resistin is rich in serine and cysteine residues and contains a unique... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [RETN/3331]                                                                                                                                                                                                                                                   |
| UniProt                    | <a href="#">Q9HD89</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein A/G affinity                                                                                                                                                                                                                                          |
| Form                       | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |

|                    |                                                                                   |
|--------------------|-----------------------------------------------------------------------------------|
| Antibody Type      | Primary Antibody                                                                  |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml                                             |
| Application Notes  | Optimal dilution of the Resistin antibody should be determined by the researcher. |
