| Article Name               | Recombinant Topoisomerase II alpha Antibody / TOP2A, Clone:<br>[TOP2A/6570R], Rabbit, Monoclonal                  |
| Biozol Catalog Number      | NSJ-V9310SAF-100UG                                                                                                |
| Supplier Catalog Number    | V9310SAF-100UG                                                                                                    |
| Alternative Catalog Number | NSJ-V9310SAF-100UG                                                                                                |
| Manufacturer               | NSJ Bioreagents                                                                                                   |
| Host                       | Rabbit                                                                                                            |
| Category                   | Antikörper                                                                                                        |
| Application                | IHC-P, WB                                                                                                         |
| Species Reactivity         | Human                                                                                                             |
| Immunogen                  | A portion of amino acids 1352-1493 was used as the immunogen for the recombinant Topoisomerase II alpha antibody. |
| Product Description        | The topoisomerase IIa is the predominant mechanism of resistance to several chemotherapeutic agents....           |
| Clonality                  | Monoclonal                                                                                                        |
| Clone Designation          | [TOP2A/6570R]                                                                                                     |
| UniProt                    | <a href="#">P11388</a>                                                                                            |
| Purity                     | Protein A/G affinity                                                                                              |
| Form                       | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                    |

|                    |                                                                                                             |
|--------------------|-------------------------------------------------------------------------------------------------------------|
| Antibody Type      | Primary Antibody                                                                                            |
| Application Dilute | Western blot: 2-4ug/ml,Immunohistochemistry (FFPE): 1-2ug/ml                                                |
| Application Notes  | Optimal dilution of the recombinant Topoisomerase II alpha antibody should be determined by the researcher. |
