| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                    |
| Immunogen                  | Fusion protein amino acids 761-863 (cytoplasmic C-terminus) of rat HCN2 (accession number Q9JKA9) produced recombinantly in E. Coli                                                                                                                  |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                         |
| Product Description        | Our carrier-free Anti-HCN2 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N71/37. It detects mouse and rat HCN2, and is purified by Protein A chromatography. It is great for use in IHC, ICC, IP, WB.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                           |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                              |
| Clone Designation          | [N71/37]                                                                                                                                                                                                                                             |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 95 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">Q9JKA9</a>                       |
| Buffer            | PBS                                          |
| Target            | HCN2                                         |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
