| Manufacturer               | Antibodies Incorporated                                                                                                                                                                                         |
| Host                       | Mouse                                                                                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                                                                                      |
| Application                | ICC, IHC                                                                                                                                                                                                        |
| Immunogen                  | Fusion protein amino acids 1-238 (full-length) of jellyfish green fluorescent protein (accession number P42212) produced recombinantly in E. Coli                                                               |
| Conjugation                | FL550                                                                                                                                                                                                           |
| Product Description        | Our Anti-GFP mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N86/38. It detects GFP, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                      |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                       |
| Clone Designation          | [N86/38]                                                                                                                                                                                                        |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 27 kDa                                       |
| Isotype           | IgG2a                                        |
| UniProt           | <a href="#">P42212</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | GFP                                          |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
