| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                   |
| Immunogen                  | Fusion protein amino acids 1-243 (full-length) of human FGF12a<br>(accession number P61328) produced recombinantly in E. Coli                                                                                                                       |
| Conjugation                | FL490                                                                                                                                                                                                                                               |
| Product Description        | Our Anti-FGF12/FHF1 mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone N94/17. It detects human, mouse, and rat FGF12/FHF1, and is purified by Protein A chromatography. It is great for use in IHC, ICC.... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                          |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                           |
| Clone Designation          | [N94/17]                                                                                                                                                                                                                                            |

|                   |                                              |
|-------------------|----------------------------------------------|
| Molecular Weight  | 27 kDa                                       |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">P61328</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | FGF12/FHF1                                   |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
